MAJOR PROJECTS

YMCA & BOYS & GIRLS CLUB

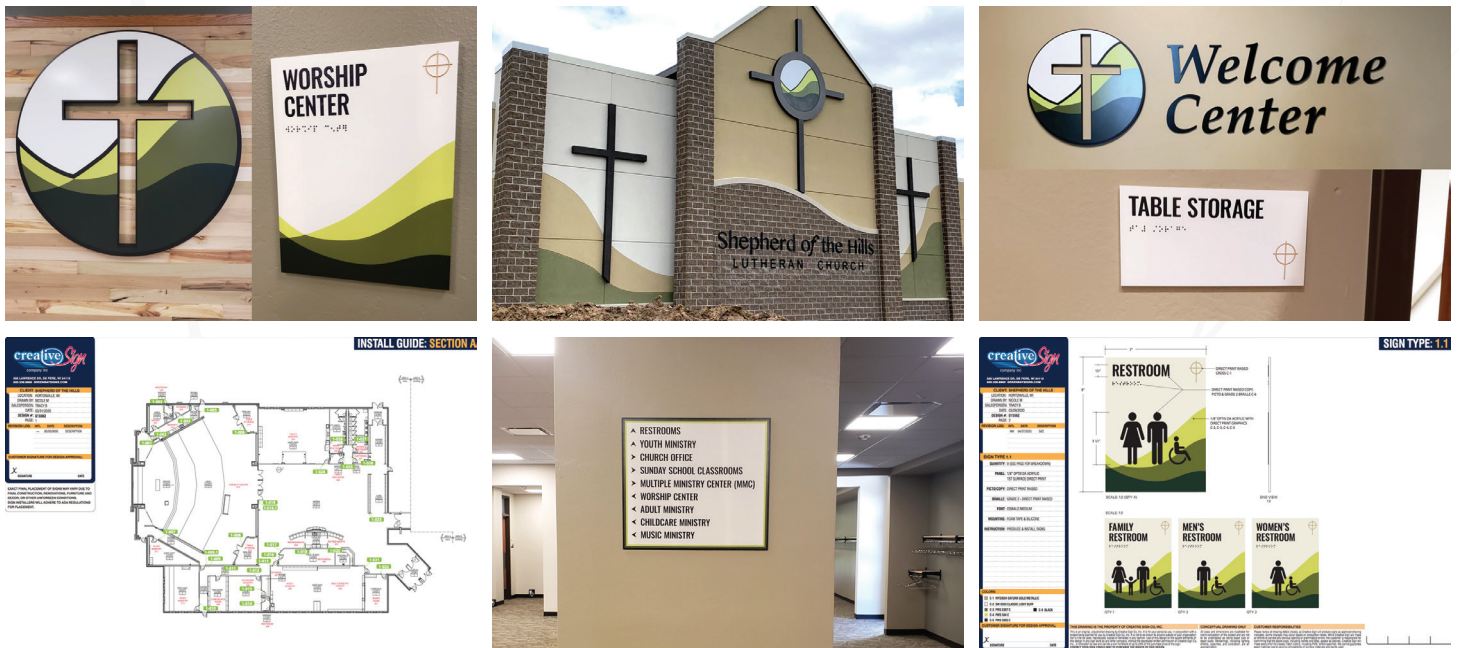

Creative Sign has used the vibrant colors and brand guidelines of the YMCA to design, produce, and install a variety of signage for various YMCA locations. This includes Wisconsin locations like Wisconsin Rapids, Fish Creek and Sturgeon Bay, as well as Winona, MN.

Concept drawings, install guides and sign schedules were created for each locations' signage to specify materials, clarify construction details and ensure all ADA signs were installed in the proper locations.

MAJOR PROJECTS

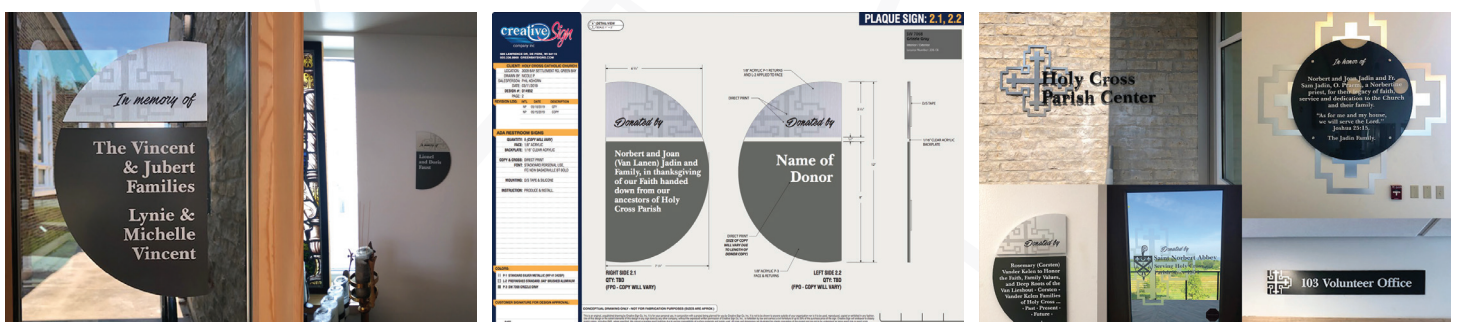

SHEPHERD OF THE HILLS

Their distinctive logo was incorporated across various applications for this Lutheran community, showcasing it illuminated on the large exterior cross and dimensional on their interior wall signage. Creative Sign kept their colors consistent from sign type to sign type and was able to offer a more price-conscious alternative to photopolymer with raised textured print ADA signs.

A walk-through with the architect helped Creative Sign confirm all signage requirements and make sure there were no surprises during this project. Thorough sign schedules, install guides, and sign drawings were also created.

HOLY CROSS CATHOLIC CHURCH

Creative Sign designed, produced, and installed a variety of different signage for this religious community, including exterior and interior wall letters, vinyl door graphics, room ID signs, donation plaques and In Memory signage.

MAJOR PROJECTS

EXTERIOR FREESTANDING SIGNS

In addition to complete wayfinding and ADA-compliant signage, Creative Sign has a knack for designing, producing, and installing or shipping dynamic, quality monument and pylon signs.

Easy-to-operate electronic message centers get the community's attention for broadcasting service times, calls to faith, or special events. Lit crosses and church logos become a beacon for hope and faith. Faux stone or brick can be economical alternatives to real masonry.

The possibilities are endless! Contact Creative Sign for freestanding signs that meet your ordinance restrictions and branding.
