FABRICATION & SHIPPING

We fabricate 95% of our signage in-house to ensure Creative Sign quality and timeline standards. We can ship and crate signs - big and small - with the professionalism and care you'll come to expect from Creative Sign. Our craftsmanship does not waiver, be it a 50-foot pylon sign or small room ID signs.

INSTALLATION & SERVICE

Our highly experienced and personable install crew will install your signs with care, leaving the site clean and tidy. Rest assured that your signs will be installed securely while using safe and efficient installation practices. All ADA signage will be professionally installed according to ADA rules and regulations.

MAJOR PROJECTS

CITY OF MARINETTE REC CENTER

Creative Sign transformed the City of Marinette Recreation Center with a variety of bright navigational signage consisting of vinyl wall murals, dimensional wall letters, ceiling hung and flagmount wayfinding, and ADA compliant room identification signs.

The donor recognition display consists of changeable frosted acrylic panels for easy donor updates and dimensional letters. The vinyl wall mural behind the panels hugs the cinderblock wall so nicely it gives a “painted on” look without the high cost of a mural artist.

Creative Sign’s talented design team created thorough sign drawings for each sign type, as well as an install guide, to help give the City of Marinette a complete view of what their dynamic wayfinding program would look like prior to install.

MAJOR PROJECTS

CITY OF RIVER FALLS WAYFINDING

The City of River Falls came to Creative Sign with an all new wayfinding system design they wanted to implement in multiple phases across their city. Creative Sign was able to help them hone in on appropriate, long-lasting materials and provide a variety of texture, paint and print samples to ensure that the design intent was realized and that colors were as consistent as possible across the various materials.

High prismatic reflective vinyl and break away poles were used to make this directional signage both highly visible and safe.

MAJOR PROJECTS

CITY OF GREEN BAY BUS SHELTER WRAPS

Local artists submitted their artwork to display on bus shelters throughout the city of Green Bay, Wisconsin. Our experts assisted Green Bay in the planning and execution of ten wraps that reflect the spirit of Green Bay, the Oneida Nation, and Wisconsin. The wraps, often bright in color or message, are an inspiration for those using the bus system or just driving by.

Creative Sign provided concept drawings and an install guide for this project to ensure a smooth planning and execution process. The wraps are made of premium vinyl to ensure the graphics stay vibrant for years to come.
