

INDUSTRY SIGNAGE: HEALTHCARE

No matter your size, Creative Sign Company, Inc. can assist your medical facility with all of your signage needs, from design to installation, and everything in between! Our knowledgeable sign consultants can help you identify your signage goals; our talented designers can give you functional, compliant and aesthetically pleasing sign designs; and our quality fabricators can produce long-lasting signs, big and small. If you are also in need of sign installation, our professional sign installers and service technicians can install and repair any new or existing signage.

Clear and professional navigational signage creates a positive experience for both staff and visitors. Creative Sign's functional and stylish navigational and code-compliant signage enhances the visiting experience. Consistent branding throughout your facility (inside and out), paired with our "out of the box" designs, set your hospital or medical clinic above the rest.

FABRICATION & SHIPPING

We fabricate 95% of our signage in-house to ensure Creative Sign quality and timeline standards. We can ship and crate signs - big and small - with the professionalism and care you'll come to expect from Creative Sign. Our craftsmanship does not waiver, be it a 50-foot pylon sign or small room ID signs.

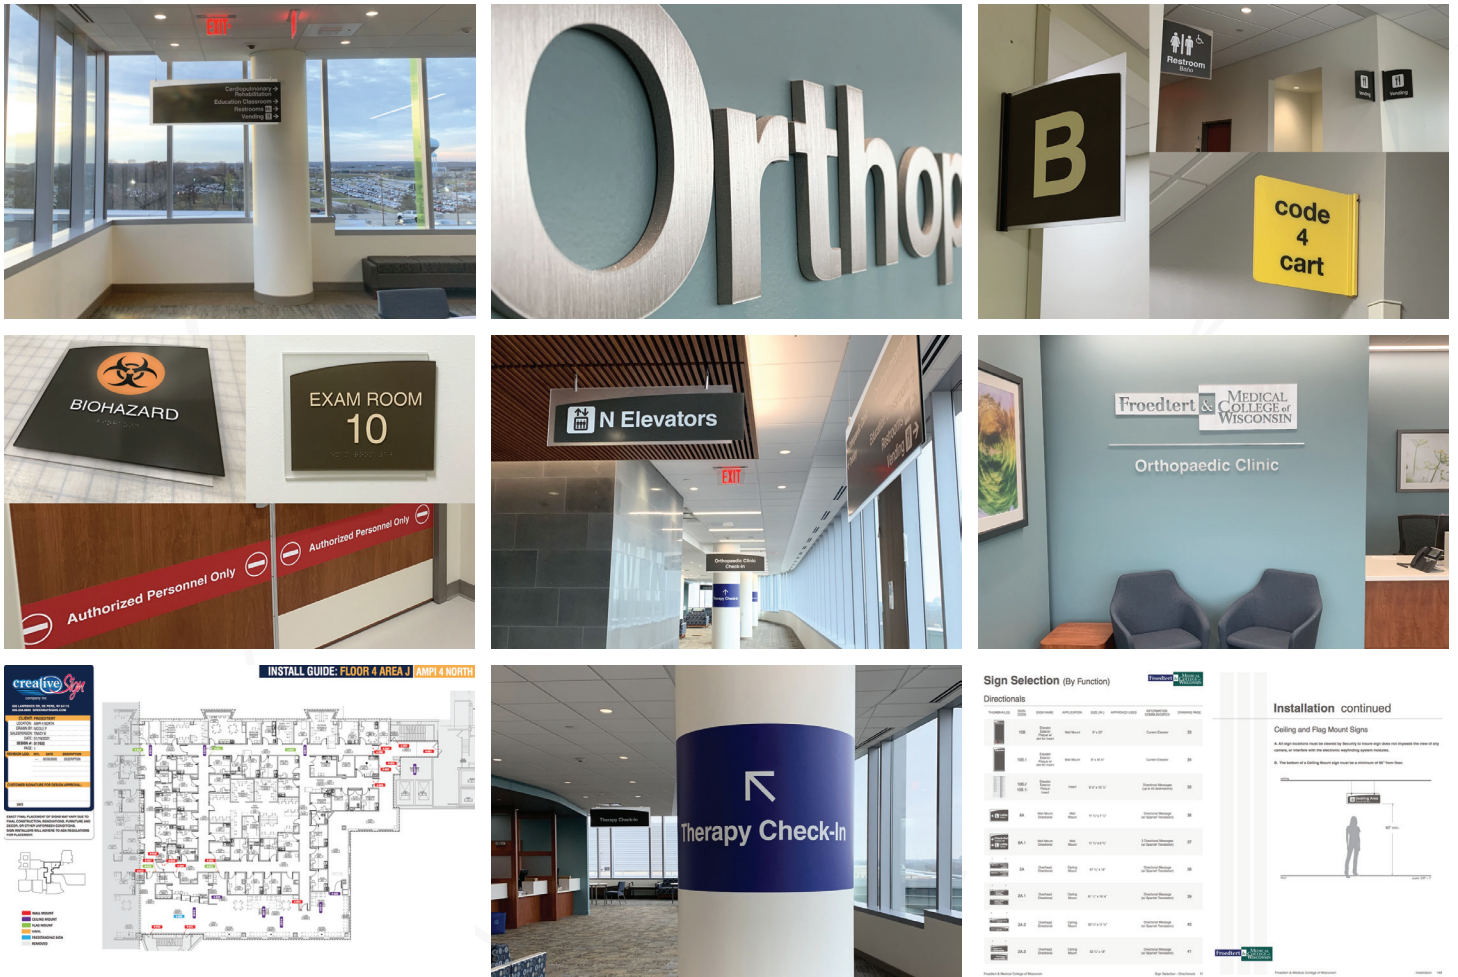

INSTALLATION & SERVICE

Our highly experienced and personable install crew will install your signs with care, leaving the site clean and tidy. Rest assured that your signs will be installed securely while using safe and efficient installation practices. All ADA signage will be professionally installed according to ADA rules and regulations.

MAJOR PROJECTS

FROEDTERT MEDICAL - INTERIOR & EXTERIOR SIGNAGE

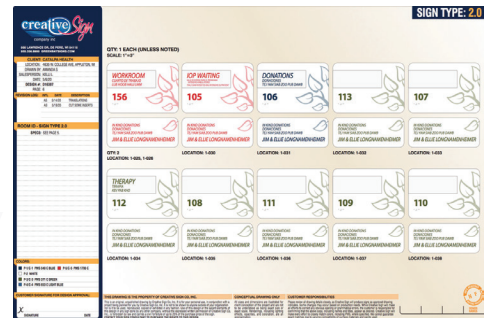

Creative Sign created drawings, sign schedules, install guides, and a sign type guide to ensure consistency of styles, layout, fonts, colors, materials, and installation across their many sign types and buildings.

Exterior signage like monuments, directionals, and illuminated channel letters were expertly produced and installed by the Creative Sign team.

MAJOR PROJECTS

CATALPA HEALTH

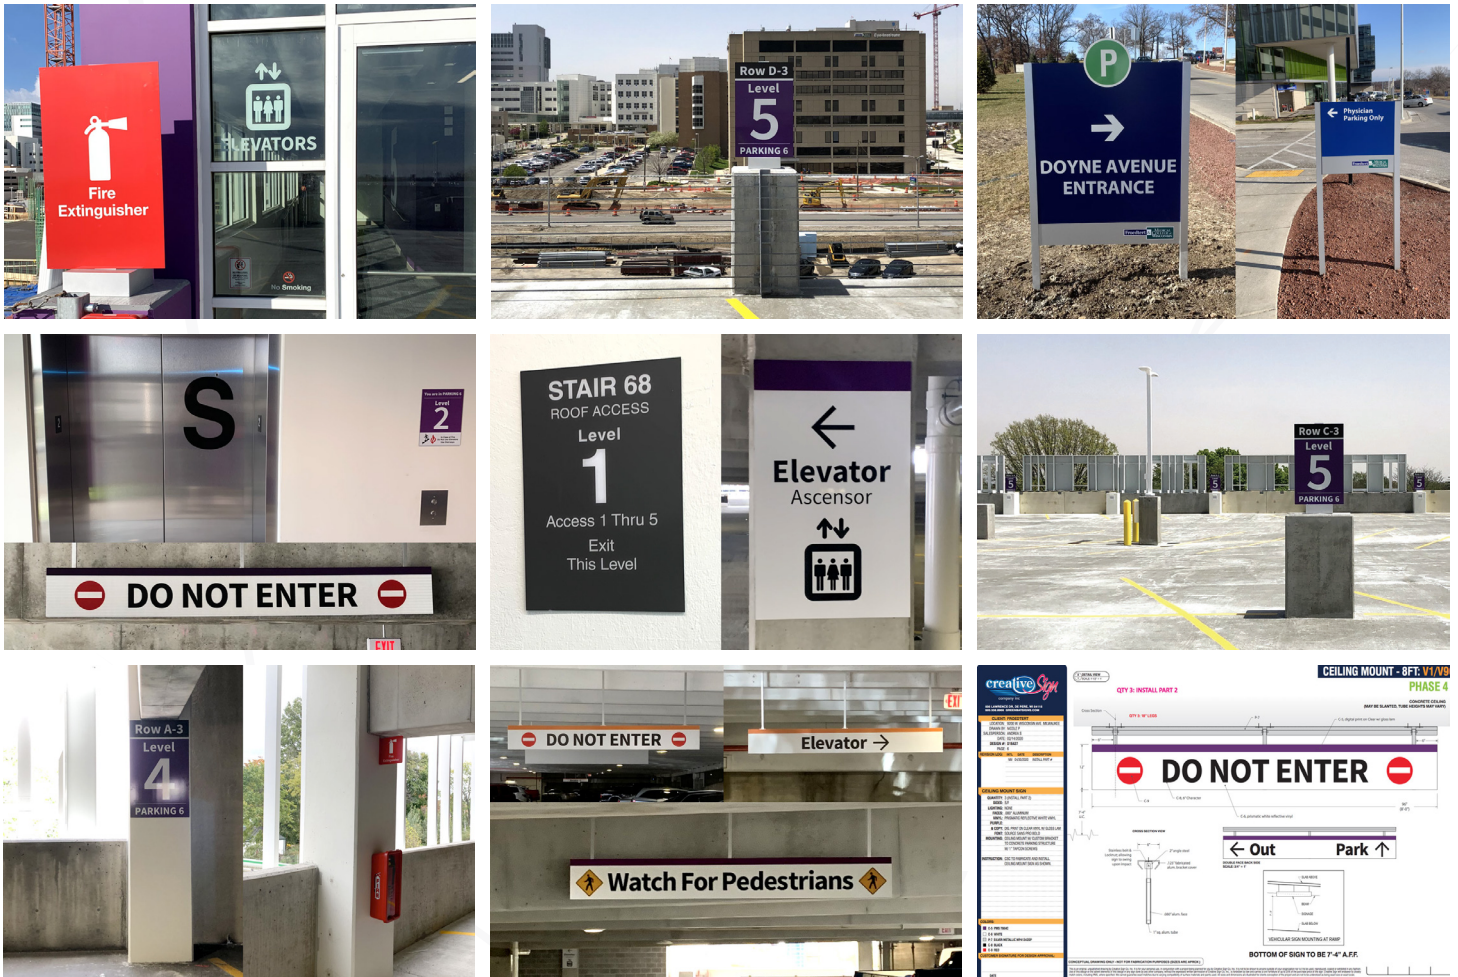

Our professional and knowledgeable team assisted this mental health and wellness center for children in Appleton, Wisconsin to bring a kid-friendly and inspiring tone to their new building with a variety of different signage.

Inside, a playful floor-to-ceiling wall mural in the lobby is magnetized to provide a play area for children where fun animal magnets can let imaginations run wild. Another wall mural with flat cut metallic silver letters complete the check-in area. Inspiring phrases throughout the facility in the form of vinyl wall graphics are uplifting and aesthetically pleasing. The ADA compliant room identification signs and interior wayfinding signs are color-coded by section to help differentiate areas of the building and aid visitors of all ages (and reading levels) to the right places.

Outside, their beautiful tree icon is prominent and the white and green letters look sharp on the velvety navy building front. A great first impression day or night!

MAJOR PROJECTS

FROEDTERT MEDICAL - PARKING GARAGE SIGNAGE

Creative Sign assisted in the coordination, production, and installation of many different types of signage for multiple parking garages for Froedtert Medical, including freestanding directionals, clearance bars, ceiling hung, reflective wayfinding signs, stair and elevator signage, rules and regulations panels, row and level signs, wall and window graphics, fire extinguisher signage, and more.

Thorough install guides and sign drawings were created to keep these large projects running smoothly.
